Advanced Placement Macroeconomics is the go-to guide for helping high school teachers to prepare their students for the AP Macroeconomics Exam administered by the College Board. It is designed to provide a basic framework around which you can design an AP Macroeconomics course that best meets the needs of your students. The Teacher Resource Manual provides unit overviews, lesson plan objectives, Teacher Alerts, Bell Ringer activities to jump-start each class, visuals, and answers to the student activities. The lessons include instructional activities that are not in the Student Resource Manual. By dividing the Macroeconomics and Microeconomics Teacher Resource Manuals in two and compartmentalizing various elements such as student activities solutions and sample multiple-choice question answer keys, the materials provide a more intuitive structure and easier navigation of content.

The teacher guide accompanies the student activities books in macro and microeconomics for teaching collegelevel economics in AP Economics courses. The publication contains course outlines, unit plans, teaching instructions, and answers to the student activities and sample tests.

Designed to assist high school teachers to teach undergraduate principles of economics courses to high school students as part of the Advanced Placement (AP) Program of the College Board.

The Teacher resource manual provides unit overviews, lesson plans, objectives, Teacher alerts, Bell Ringer activities to jump-start each class, visuals, and answers to the student activities. The manual is designed to provide a basic framework around which teachers can design an AP microeconomics course that best meets the needs of their students.--P. xiii.

EVERYTHING YOU NEED TO SCORE A PERFECT 5--now with 2x the practice of previous editions! Are You Serious About Scoring a 5? Then Get REA's AP Micro & Macroeconomics Test Prep with TestWare CD The #1 Choice for Serious Students! REA's AP Micro & Macroeconomics test prep gives you everything you need to score a 5 on the exam! Written by a Blue Ribbon Teacher of Economics, this third edition of our popular AP test prep is completely up-to-date and aligned with the official AP exam. The book contains in-depth reviews of all the topics covered on both the AP Microeconomics and Macroeconomics exams. Basic economic concepts, key terms, and a breakdown of each exam's content are included, so you can prepare for all topics tested on the exam. A glossary and appendices of free-response topics and commonly used formulas are included for extra study and review. Each chapter contains review questions that help students study smarter and boost their AP scores. The test prep features two full-length practice exams (one for Microeconomics and one for Macroeconomics) with detailed explanations of all answers, custom study schedules, and test-taking strategies. The practice tests are composed of every type of question that can be expected on the actual AP exams, so you can "practice for real" and target your strengths and weaknesses before the test. Both of the book's practice tests are included on CD in a timed format with automatic, instant scoring. Our interactive TestWare CD offers detailed on-screen answers, diagnostic feedback, plus an extended time function for students with disabilities. If you're serious about getting a 5 on your exam, then you need REA's AP Micro & Macroeconomics test prep! REA has helped more than a million students succeed on their AP exams! Teachers across the country consider our AP titles to be invaluable resources and consistently recommend our books to their students.
