Introduces three different types of leadership styles for 3-meter, 50-meter, and 100-meter soldiers. Praise for The Three Meter Zone

“ I have read plenty of leadership books and find this one to be the most realistic . . . This book is down to earth, with plenty of scenarios, quotations and situations that can easily be related to a reader ’ s past, present and future. I highly recommend this book. ” —Army Magazine

“ Pendry ’ s book is both timely and useful . . . I encourage all battalion and brigade commanders to add it to their unit ’ s professional reading list . . . Read this book, take up his challenge to critically examine ourselves and our styles. ” —Armor Magazine “ [J. D. Pendry] does a superb job of relating his own

personal experiences and tying them into everyday leadership and management principles ... It is not too difficult to transfer the lessons presented here to any other military service or civilian application. ” —U.S. Naval Institute Proceedings “ Business and corporate leaders would do well to take [Pendry ’ s] lessons to heart. ” —Ocala, Florida, Star Banner

Portrays the migration of a Puerto Rican family from the countryside to the San Juan ghetto and eventually to Spanish Harlem in New York City.

Two decades of articles and interviews compressed into an unruly vigil that seeks "leverage in the wreckage."

This report describes the Act and states the reasons for our conclusion that the Act should be repealed. It also contains the text of the Act, describes the survey conducted of members of the legal profession regarding their views on the Act, and summarizes the most frequently expressed reasons for retaining the Act, and states why it was concluded that those reasons were overborne by those in favour of repeal. Finally, it describes some approaches that could be taken to reforming rather

The Los Angeles Times bestseller, now in paperback -- tales of the notorious New York dating scene, told from the other side of the bed. Rick Marin offers himself up for an in-depth look at man's superficial nature. At 28, a brief, doomed first marriage thrusts Marin back into Bachelor Hell. A journalist as eager to make it in Manhattan as with its female population, our emotionally myopic hero can never seem to tell if the woman in front of him is too crazy or too sane, until she gets too close. Falling out of love as often as he falls in, he vows more than once to clean up his act, only to relapse into another bender of beauties, blow-offs, and bad behavior -- all in

desperate pursuit of the woman who can redeem him. In this rollicking, frequently insensitive and ultimately poignant memoir, Marin proves a master of the light touch even in his darkest hours. It is one man's story, but many men will read it as their own. And for any woman who has ever wondered, "What was he thinking" This is what he was thinking.
