President Ram Nath Kovind assumed office on July 25, 2017 and in a short span of one year has been able to make a distinct mark in the way he reaches out to the citizens of the country. With the heart of a “ common man ” , he understands the challenges that India faces as a nation, while as an erudite mind, he has the vision of the India ’ s rightful place of eminence among the comity of nations. The book “ The Republican Ethic ” is a collection of 95 of his selected speeches out of a total of 243 made by him in the first year of office. They

have been divided in eight sections, viz:
Addressing the Nation, Diversity of India,
Window to the World, Educating India:
Equipping India, Dharma of Public Service,
Honouring our Sentinels, Spirit of the Law
and Acknowledging Excellence. The book
has been conceived to help the readers assess
the vision and thought that the President
espouses specially with relation to the vision
of nation and individual citizen ' s duties.

Partly with reference to India.

Directory was released by District Governor Prashant A Patil, in September 2016. This Digital Edition is a replica of the book, for refering in Mobile Devices.

From the standpoint of practising engineers, architects and contractors, the law of contract is the most important one and, from preparation of technical documents to its execution and in the determination of disputes, the engineer or architect must have relevant knowledge. This book acts as a practical guide to building and engineering contracts. All points are explained with illustrations gathered from decided court cases. This book covers the substantive law of contract applicable to building and engineering contracts with updated noteworthy judgments. FIDIC conditions are mentioned at appropriate places with a global focus. Key Features: Guide for a full and thorough understanding of the

Read Online Building Service By Sm Patil

contractual undertakings of the civil engineering industry, primarily in India
Discusses specific conditions which are fertile sources of disputes, referring to and commenting upon the FIDIC conditions
Covers internationally adopted standard form conditions of contract with analysis, discussions and interpretations, with decided court cases from India and abroad
Focuses on technical civil engineering aspects
Addresses cases from countries including UK, US, Canada, Australia, New Zealand and India

This book presents select proceedings of the International Conference on Sustainable Construction and Building Materials (ICSCBM 2018), and examines a range of durable, energy-efficient, and next-generation construction and building materials produced from industrial wastes and byproducts. The topics covered include

Read Online Building Service By Sm Patil

alternative, eco-friendly construction and building materials, next-generation concretes, energy efficiency in construction, and sustainability in construction project management. The book also discusses various properties and performance attributes of modern-age concretes including their durability, workability, and carbon footprint. As such, it offers a valuable reference for beginners, researchers, and professionals interested in sustainable construction and allied fields.
