ACG3341 Chapter 10 Flashcards | Quizlet

Activity-based costing (ABC)-ABC is a costing method designed to provide managers with cost information for strategic and other decisions that potentially affect capacity, and therefore, “fixed” as well as variable costs.It is ordinaril used as a supplement to, rather than as a replacement for, the company’s usual costing system. • The activity is the event that causes the consumption ...

Tuesday chapter 7.pdf - Tuesday chapter 7 Tuesday 1:58 PM ...

Activity-based costing attempts to overcome the perceived deficiencies in traditional costing methods by more closely aligning activities with products. This requires abandoning the traditional division between product and period costs, instead seeking to find a more direct linkage between activities, costs, and products.

Activity-Based Costing - principlesofaccounting.com

CHAPTER 5 ACTIVITY-BASED COSTING AND ACTIVITY-BASED MANAGEMENT 5-1 Broad averaging (or “peanut-butter costing”) describes a costing approach that uses broad averages for assigning (or spreading, as in spreading peanut butter) the cost of resources uniformly to cost objects when the individual products or services, in fact, use those resources in non-uniform ways.

CHAPTER 5 ACTIVITY-BASED COSTING AND ACTIVITY-BASED ...

Activity-based costing requires accountants to use the following four steps: Identify the activities that consume resources and assign costs to those activities. Purchasing materials would be an activity, for example. Identify the cost drivers associated with each activity.

4.2 Activity Based-Costing Method | Managerial Accounting

activity chapter 7 based costing Flashcards and Study Sets ...

activity-based costing (ABC) system first assigns costs to activities and then traces costs from activities to products. ABC assumes that activities consume resources, and products and other cost objects consume activities. ABC cost assignment is made possible through the identification of activities, their costs, and the use of cost drivers.
