You could have the smartest person in the entire world working with you but if they do not have ability to understand their surroundings and communicate appropriately, then you might as well work by yourself.

Do you have what it takes to succeed in your career? The secret of success is not what they taught you in school. What matters most is not IQ, not a business school degree, not even technical know-how or years of expertise. The single most important factor in job performance and advancement is emotional intelligence. Emotional intelligence is actually a set of skills that anyone can acquire, and in this practical guide, Daniel Goleman identifies them, explains their importance, and shows how they can be fostered. For leaders, emotional intelligence is almost 90 percent of what sets stars apart from the mediocre. As Goleman documents, it's the essential ingredient for reaching and staying at the top in any field, even in high-tech careers. And organizations that learn to operate in emotionally intelligent ways are the companies that will remain vital and dynamic in the competitive marketplace of today—and the future.

Do you want to be more successful at work? Do you want to improve your chances of promotion? Do you want to get on better with your colleagues? Daniel Goleman draws on unparalleled access to business leaders around the world and the thorough research that is his trademark. He demonstrates that emotional intelligence at work matters twice as much as cognitive abilities such as IQ or technical expertise in this inspiring sequel.

Emotional Intelligence: The Emotional Intelligence Book -- Emotional Intelligence at Work and Emotional Intelligence Leadership This Emotional Intelligence Book will answer the question: what is emotional intelligence (also referred to as EI.) As the book works to define emotional intelligence through the four main branches, it dives deeper into explaining each branch in hopes of bringing about a higher self-awareness in the reader. Most people walk around with low emotional intelligence out of ignorance. They do not know because they have never been taught. Some crowds believe that the emotionally intelligent are as smart as those with high IQ's. People in positions of leadership show a higher aptitude of EI for being able to help others, to calm the crowd and to work well under pressure without cracking. Each of the four branches of the emotional intelligence theory is explained in full detail. The first branch is emotional perception. The second branch is emotional reasoning.

Experts now acknowledge that emotional intelligence (EI) is perhaps the most crucial determinant of success in the workplace. And unlike IQ or other traditional measures of intelligence, EI can be developed and dramatically increased. This unprecedented book demonstrates how to master the core competencies of EI, abilities that include self-motivation, high self-awareness, mood management, and emotional mentoring. In addition, it includes scores of real-world examples and dozens of practical exercises that accelerate the process, along with step-by-step approaches to mastering a variety of EI techniques.- Increasing Your Emotional Intelligence- Developing High Self-Awareness- Managing Your Emotions- Motivating Yourself- Using Your Emotional Intelligence in your Relations with Others- Developing Effective Communication Skills- Developing Interpersonal Expertise- Helping Others Help Themselves

Daniel Goleman offers a vital new curriculum for life that can change the future for us and for our children

Emotional Intelligence in Action shows how to tap the power of EI through forty-six exercises that can be used to build effective emotional skills and create real change. The workouts are designed to align with the four leading emotional intelligence measures—EQ-I or EQ-360, ECI 360, MSCEIT, and EQ Map, —or can be used independently or as part of a wider leadership and management development program. All of the book's forty-six exercises offer experiential learning scenarios that have been proven to enhance emotional intelligence competencies.

Emotional intelligence, the awareness of and ability to manage one's emotions in a healthy and productive manner, is central to Daniel Goleman's groundbreaking work of the last decade. Today, authors Mulle and Feldman, take the concept to the layperson - teaching that emotional awareness is a direct key to personal and professional success. This new title by ASTD Press, will help individuals at all levels understand how emotions have a direct and profound effect on how well he or she performs on the job and life.

A 25th anniversary edition of the number one, multi-million copy international bestseller that taught us how emotional intelligence is more important than IQ - 'a revolutionary, paradigm-shattering idea' (Harvard Business Review) Featuring a new introduction from the author Does IQ define our destiny? In his groundbreaking bestseller, Daniel Goleman argues that our view of human intelligence is far too narrow. It is not our IQ, but our emotional intelligence that plays a major role in thought, decision-making and individual success. Self-awareness, impulse control, persistence, motivation, empathy and social deftness: all are qualities that mark people who excel, whose relationships flourish, who can navigate difficult conversations, who become stars in the workplace. With new insights into the brain architecture underlying emotion and rationality, Goleman shows precisely how emotional intelligence can be nurtured and strengthened in all of us.

Putting Emotional Intelligence to Work offers a new paradigm of communication for the 21st-century workplace. Beginning with the thoughts of communication pioneer Carl Rogers, this book covers the origins and history of emotional intelligence, why it is essential at this point in the changing marketplace, how to delegate and negotiate more effectively, and how to change yourself to become a more effective player. An EQ (Emotional Quotient) survey helps you determine where you are on the scale of executive intelligence. Putting Emotional Intelligence to Work leaves you with a greater understanding of the new work ethic for 21st-century leadership, its business and personal benefits, how to teach it in a corporate setting, and how to build self-managed teams with the right mix and match of personality types. Dr. Ryback's book brings many resources together to consolidate an approach to business that combines the practical with the thoughtful, emotional, and intuitive. A new paradigm for leadership in the 21st century is demonstrated clearly and incisively. David Ryback, Ph.D. is a management consultant and speaker on personal and organizational success. His experience encompasses business management and government consulting, as well as teaching at Emory University's School of Business. His diverse client base includes the US Department of Defense, government legal offices, financial institutions, manufacturers_both domestic and international, health care organizations, and national retail outlets. In Putting Emotional Intelligence to Work, Dr. Ryback brings many resources together to consolidate an approach to business that combines the practical with the thoughtful, emotional, and intuitive. A new paradigm for leadership in the 21st century is demonstrated clearly and incisively.
