Sometimes a child knows better... GRACE Ten-year-old Grace knows that her mum loves her, but her mum loves drugs too. And there's only so long Grace can fend off the 'woman from the county' who is threatening to put her into care. Her only hope is... BILLY Grown-man Billy Shine hasn't been out of his apartment for years. People scare him, and the outside world scares him even more. Day in, day out, he lives a perfectly orchestrated silent life within his four walls. Until now. . . THE PLAN Grace bursts into Billy's life with a loud voice and a brave plan to get her mum clean. And it won't be easy, because they will have to confiscate the one thing her mum holds most dear . . . they will have to kidnap Grace.

A mother recounts her life story to her long-lost daughter in this sweeping historical novel about a community torn between Italian fascism and German Nazism. In the small village of Curon in South Tyrol, seventeen-year-old Trina longs for a different life. She dedicates herself to becoming a teacher, but the year that she qualifies—1923—Mussolini's regime abolishes the use of German as a teaching language in the annexed Austrian territory. Defying their ruthless program of forced Italianization, Trina works for a clandestine network of schools in the valley, always with the risk of capture. In spite of this new climate of fear and uncertainty, she finds love and some measure of stability with Erich, an orphaned young man and her father's helper. Now married and a mother, Trina's life is again thrown into uncertainty when Hitler's Germany announces the "Great Option" in 1939, and communities in South Tyrol are invited to join the Reich and leave Italy. The town splits, and ever-increasing rifts form among its people. Those who choose to stay, like Trina and her family, are seen as traitors and spies; they can no longer leave the house without suffering abuse. Then one day Trina comes home and finds that her daughter is missing... Inspired by the striking image of the belltower rising from Lake Resia, all that remains today of the village of Curon, Marco Balzano has written a poignant novel that beautifully interweaves great moments in history with the lives of everyday people.

Letters in English and German; preface in English.

Combining text with practical exercises and discussion questions to stimulate readers, this textbook covers a wide range of sociolinguistic issues relating to the German language and its role in societies around the world.This accessible textbook offers students the opportunity to explore for themselves a wide range of sociolinguistic issues relating to the German language and its role in societies around the world. It is written for undergraduate students who have a sound practical knowledge of German but who have little or no knowledge of linguistics or sociolinguistics. It combines text with practical exercises and discussion questions to stimulate readers to think for themselves and to tackle specific problems.In Part One Patrick Stevenson invites readers to investigate and reflect on issues about the status and function of the German language in relation to its speakers and to speakers of other languages with which it comes into contact. In Part Two the focus shifts to the forms and functions of individual features of the language. This involves, for example, identifying features of regional speech forms, analysing similarities and differences between written and spoken German, or looking at the 'social meaning' underlying different forms of address. Part Three explores the relationship between the German language and the nature of 'Germanness'. It concentrates on people's attitudes towards the language, the ways in which it is changing, and their views on what it represents for them.
